FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol (MHP)** state that prior to this legislation, the sale and purchase of watercraft would have been handled within certain funds such as the Water Patrol Fund, with smaller amounts of money from the sale of old watercraft going in and larger amounts of money for the purchase of replacement watercraft going out. This legislation would bring the Motor Vehicle, Aircraft, and Watercraft Revolving Fund into the scenario, with the proceeds of the sale now going into the revolving fund, and a corresponding partial offset to the purchase price of the new watercraft now coming from the revolving fund. The net result of this legislation to either fund (WP or Revolving Fund) would be zero, as any increase/reduction in money coming into a fund would be offset by an equal increase/reduction in money being spent from that same fund. Therefore, the Highway Patrol anticipates no fiscal impact.

Officials from the **Office of the State Treasurer** assume the proposal would not have a fiscal impact.

Officials from the **Office of Administration** did not respond to our request for fiscal impact.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, the State Highway Patrol is authorized to sell surplus patrol motor vehicles. This bill allows the patrol to also sell surplus watercraft, watercraft motors, and trailers.

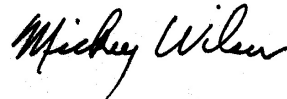

The Highway Patrol's Motor Vehicle and Aircraft Revolving Fund is renamed the Highway Patrol's Motor Vehicle, Aircraft, and Watercraft Revolving Fund and allows it to be used to purchase watercraft, watercraft motors, and trailers as well as vehicles.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
